# EXECUTIVE SUMMARY

Juke Construction Ltd's parent company Keron Services Ltd was formed in 2007 by Bates Mukena who was then serving as an executive director of Jumbo Enterprise Limited. The company started off with a focus on projects related to construction. It has since expanded its service portfolio to include infrastructure, Energy, Mining and Real Estate Development, offering:

1. Project Development and Investment
2. Design
3. Construction
4. Operation and Maintenance

Juke Construction Limited is basically a merger of Keron Services Limited and Jumbo Enterprise Limited.

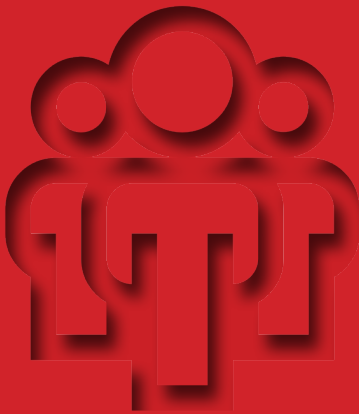

This merger was part of the strategy to mitigate against a hostile political environment, (especially in the public sector arena) which was obtaining in the construction industry at the time. It also served as a strategy to explore new opportunities when it comes to non Government work.

# ABOUT US

Juke Construction Ltd is a leading construction company in Zambia. Juke Construction has enjoyed significant growth over time and now boasts having the capacity to deliver a wide spectrum of infrastructure solutions ranging from project development, design, construction, operation and maintenance. We have expertise in a variety of sectors such as roads and buildings infrastructure, electricity transmission and distribution lines, substations, telecommunications infrastructure and real estate.

“We understand that successful projects are dependent on the management capabilities of our people and total satisfaction of our customers. Repeating this success requires uniting all our people with one mindset; “best” of quality in all that we do. It is in this vein that our people are our most prized asset because they are committed to our core values; team work, commitment, quality and integrity”

## VISION

Our vision is to be the leading construction, concessions, mining, and manufacturing company in Zambia and the Sub-Saharan Region.

---

## MISSION

We strive to live our vision by adhering to our values: People, Excellence, Embracing Technology, Client Focus, Integrity, Ingenuity and Performance.

## QUALITY ASSURANCE

Quality is what we strive for at all times. It is the cornerstone of our company and is the one thing we will never compromise.

Our Quality Assurance ensures that every project meets our high standards of excellence. All employees are aware of our Quality Assurance policies therefore ensuring consistent quality.

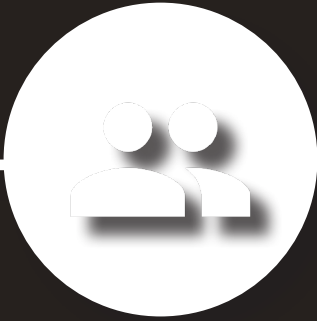

## SAFETY/HEALTH/ENVIRONMENT (SHE) POLICY

Juke Construction has a long-standing commitment to the health and safety of its employees and customers. In addition to this commitment, we believe that it is important to maintain a healthy environment for all our employees, clients, and volunteers. We have set ourselves the following objectives:

1. To provide an injury-free and incident-free workplace;
2. To prevent all work-related disabilities or health problems;
3. To control and minimize the risks associated with our products for their total life cycle and to choose production processes and products such that the use of raw materials and energy is minimized;
4. To evaluate and improve our practices, processes, and products continuously in order to make these safe and acceptable to employees, the customers, the public, as well as all other stakeholders involved in our business activities (environmental protection).

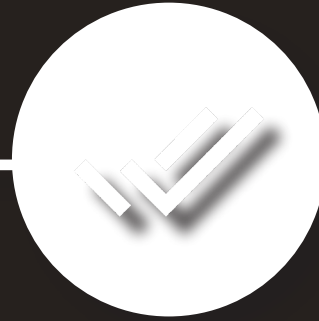

# OUR VALUES

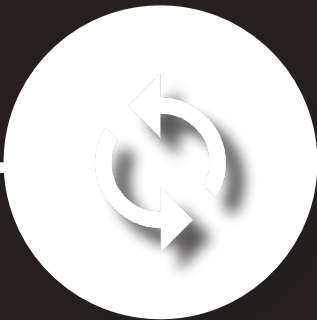

## **People**

We strive to be the employer of choice, attracting and retaining skilled People

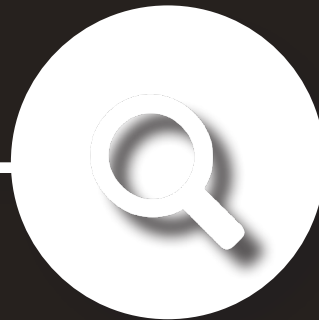

## **Excellence**

We aim to continue in our delivery of quality and value in our chosen sectors through integrated solutions, products and services

## **Embracing Technology**

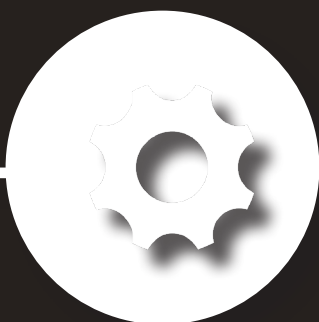

We are working towards sustainable and relevant company transformation

## **Client Focus**

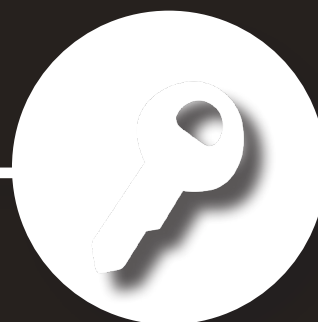

Drawing on Juke vast multi disciplinary expertise, we deliver tailor made solutions for our client's individual needs

### **Ingenuity**

We continuously seek to develop and implement new and improved ways to deliver our solutions, products and services to be more efficient and effective

### **Integrity**

Based on recognized codes of conduct and a system of accountable, transparent corporate governance, we aspire to maintain our height standard of business integrity

### **Performance**

We look to shareholder growth through a customer centric focus and superior technical and business solutions

An aerial photograph of a school construction site. In the foreground, there is a dirt path and some green vegetation. A large tree with green leaves is on the left side. In the middle ground, there is a long, single-story building with a green corrugated metal roof and light-colored walls. The building has several windows and a central entrance. To the right of the main building, there is another smaller building with a similar roof. The background shows a line of trees and a cloudy sky.

# Aerial View of Ikemeleng Sec School construction site

# SERVICES

## **BUILDING CONSTRUCTION**

Juke has successfully completed a number of commercial building projects including banks, public markets, housing etc.

## **SUPPLY OF INDUSTRIAL CONSUMABLES**

We also supply industrial consumables like; valves, pumps, bolts and nuts, industrial chemicals, motors and engines.

## **CIVIL & ELECTRICAL WORKS**

Juke offers specific civil contracting services specializing in concrete and steel Works. Whether complete 'in-situ' concrete construction or off-site concrete prefabrication. We also offer solutions best suited for Electrical Engineering and Telecommunication Infrastructure.

# EQUIPMENT & MACHINERY

We have a wide range of equipment and machinery that sets us apart from the competition, equipping us with the necessary tech to deliver nothing but the highest quality works.

# PROJECTS COVERED

JukeConstruction Limited has completed a wide range of projects in connection with Infrastructure Development in Zambia and the Democratic Republic of Congo, such as: (Detailed project portfolio from page 11 to 15)

The image shows a technical architectural drawing of a mechanical room, likely a floor plan for a building's HVAC system. The drawing includes various components such as ductwork, fans, and structural elements. A red rectangular box is superimposed over the center of the drawing, containing the title text. In the background, a metal ruler and a set square are visible, suggesting a drafting or construction context. The drawing itself contains labels like 'M3', 'B', '6\"/>
